

Internship Positions Available

Granada Farms is currently seeking an individual for a paid internship as a foaling technician for the 2022 foaling season. The internship is from January 10th - May. Applications will be accepted through October 30th.

Granada Farms is an equine breeding facility involved in the quarter horse racing industry. We also work with a number of other breeds and registries. The foaling technician's primary responsibility will be monitoring and assisting the foaling of mares overnight. Other duties and responsibilities will include involvement in the daily activities of a breeding operation. You must have your own transportation and living arrangements.

There are 3 spots available, one weekday position and two weekend positions that will alternate every weekend. The weekend foaling technician will work the hours of 7:00pm to 7:00am on Friday and Saturday. The weekday foaling technician will work the hours of 7:00pm to 7:00am on Sunday through Thursday.

Previous experience preferred, but not required. Please submit a resume and cover letter telling us a little bit about you and why you are interested in the foaling internship.

Applications may be faxed to (979)828-5902 or please email them to granadafarms@granadafarms.com
